

# 1st Latin American and the Caribbean Open Science Forum CILAC 2016

“Transforming our region:  
Sciences, Technology and Innovation for  
Sustainable Development in  
Latin America and the Caribbean

6th - 9th September 2016  
Montevideo, Uruguay

Montevideo, the city like no other, is ready to embrace you from the 6th - 9th September 2016 for the first ever **Latin America and the Caribbean Open Science Forum**.

There is no other conference like it in the region! **Connecting** future researchers with distinguished scientists, early stage entrepreneurs with leading businesses and heads of corporations, innovators and policymakers, artists, designers, performers, inventors with engineers, science journalists with media houses. What connects all of these people... the **scientific challenges** of the 21st Century which require **inter-disciplinary** and **multi-disciplinary collaboration** from across all sectors and all societies of Latin America and the Caribbean.

Don't miss out on the **opportunity of being part** of **CILAC 2016** “Transforming our region: Sciences, Technology and Innovation for Sustainable Development”.

## Organize:

## Support:

## Opportunities for participants and sponsors

The CILAC 2016 Open Science Forum aims to build a regional agenda for Latin America and the Caribbean to strengthen science, technology and innovation policies aligned with the 2030 Agenda for Sustainable Development. The results of CILAC 2016 will contribute to the next World Science Forum “*Science for Peace*” to be held in Jordan in November 2017, positioning Latin American and the Caribbean on the global stage for science, technology and innovation for development.

Sponsoring CILAC 2016 will be an opportunity for your company, organization or institution to demonstrate its commitment towards fulfilling the objectives outlined in the 2030 agenda for sustainable development in Latin America and the Caribbean. CILAC 2016 will pave the path for forging new and strengthening existing relationships with well-known entities, including leading businesses, start-up companies, governments, academia, civil society, entrepreneurs and other leading stakeholders in the field of science, technology and innovation in Latin America and Caribbean.

The organizers have comprised a variety of packages to support the promotion of your product, your ideas, your research, your business, your organization, your institution... we look forward to working with you!

## ACTIVITIES

- Institutional stands
- Plenary sessions
- Thematic panels
- Workshops
- Presentations of research findings
- Posters exhibition
- Technical visits
- Recreational activities and social events
- Arts and sciences
- Science in the street (planned outreach activities in public spaces that link science with society)
